

Next Steps and Timeline

Clare Entwistle

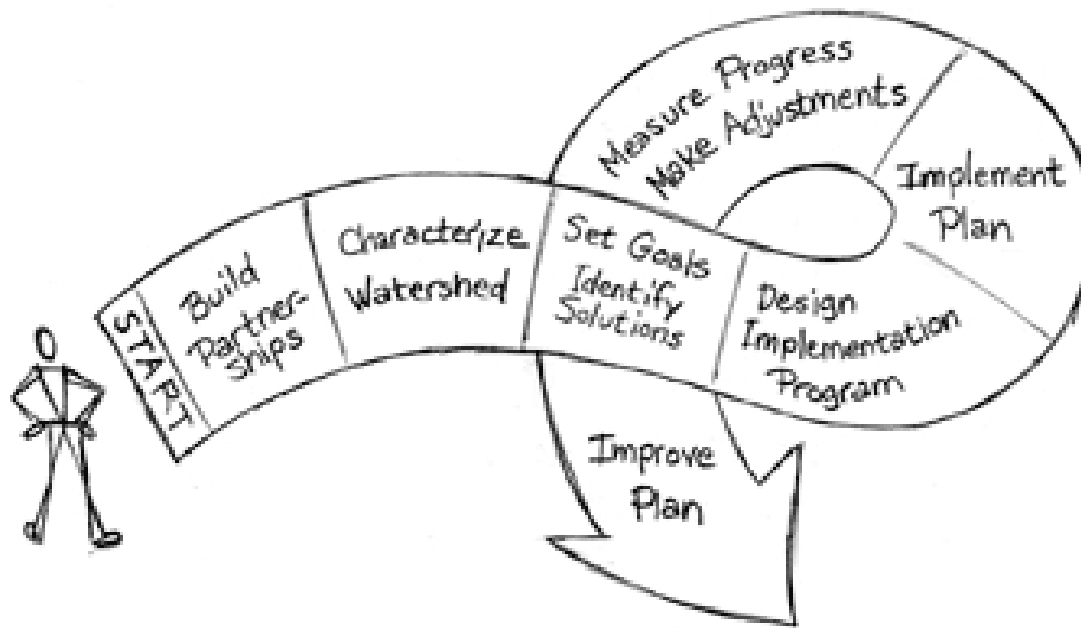

Research Associate

Texas Water Resources Institute

Next Steps – Near Term

- ⦿ Finalize Steering Committee and Workgroups
- ⦿ Continue collecting data on Cibolo Creek watershed
- ⦿ Generate LDC/FDCs (estimate pollutant sources)

Next Meeting

- ⦿ Tentative Meeting Date: Thursday, August 24th or Thursday, August 31st in the evening.
 - ⦿ La Vernia Chamber of Commerce Hall (pending availability)

- ⦿ Educational Program:
 - ⦿ Texas Watershed Stewards
 - ⦿ Thursday, December 7, 2017
 - ⦿ ½ Day Workshop (8 – 12 OR 1 – 5)

Texas Watershed Stewards

- ⦿ Designed to improve the quality of Texas' water resources by educating and informing local stakeholders about their watershed, potential impairments, and steps that can be taken to help improve and protect water quality in their watershed.
- ⦿ <http://tws.tamu.edu/about/>

Overall Timeline

- ⦿ May 2017 – May 2018: Stakeholder meetings and plan development– estimated 8-10 meetings
- ⦿ October 31, 2018: Submit watershed-based plan to TSSWCB for review
- ⦿ October 31, 2018 – October 31, 2019: TSSWCB and EPA review of Plan
- ⦿ November 2019 and onward: Implementation of the Plan
